United Kingdom Timber Regulations (UKTR)

Ramsey Timber Group Statement of Reassurance

Peter Ramsey & Sons (Denholme) Timber Ltd has a long history of timber trading and we have always been committed to responsible timber sourcing. Both from a moral standpoint and a compliance position we fully support the UK Timber Regulations, and we commit to always abiding by the requirements.

We understand that complying with these regulations is just as important to our customers as it is to us and offer this statement of reassurance to our customers.

We can confirm that Peter Ramsey & Sons (Denholme) Timber Ltd complies with all relevant requirements of the UKTR. Our obligations as a "Trader" are to maintain records of who we buy from and who we sell to. We do this within our business management systems (purchase order/ invoices etc) and this information would be made available to any enforcing body for audit if ever requested.

As an "Operator" Peter Ramsey & Sons (Denholme) Timber Ltd comply by carrying out a due diligence risk assessment with sufficient depth to ensure that there is negligible risk of illegal wood in the shipment.

We hold FSC Chain of Custody certification. For which we are regularly audited.

We have selected our suppliers carefully and the companies we buy from are also committed to responsible and sustainable timber trade.

Mike Ramsey

Managing Director
